

Publications List

Compiled by Volunteer: Alex Whitkowski
Fall 2006

Webb A. Elizabeth, Foster Q. Susan Perspectives in Urban Ecology (1991) Denver
Museum of Natural History 2001 Denver Colorado

Contents

- Preface
 - Elizabeth A. Webb and Susan Q. Foster
- Introduction
 - Lowell W. Adams
- Wildlife In Cities
 - David A. Goode
- The Urban Ecosystem Introduction
 - Alexander T. Cringan
- Ecological Principles Applicable to the Management of Urban Ecosystems
 - Richard L. Knight
- The Urban Climate
 - Laurance C. Herold
- Implications of the Wildlife Acceptance Capacity Concept for Urban Wildlife Management
 - Daniel J. Decker
- Current Issues in Urban Wildlife Introduction
 - Larry W. Vandruff
- Patterns of Urban Development and Wildlife Habitat Structure
 - Charles Nilon
- Urban Wildlife Program Planning: The Human Dimension
 - Mark Damian Duda and Joseph Schaefer
- The Benefits and Risks of Non-Traditional Urban Wildlife
 - Katherine A. Green
- Urban Wildlife Habitat Enhancement
 - From Backyard Wildlife Habitats to Environmentally Sensitive Landscapes—Ecological Awareness at the Grassroots Level
 - Craig Tufts
- Habitat Enhancement for Urban Invertebrates
 - Paul A. Opler

R.H. Hamre Workshop on Western Wetlands and Riparian Areas (1994) Thorne Ecological Institute. Boulder, Colorado.

Contents

RESEARCH, INVENTORY, AND DELINEATION

- Classification and Management of Riparian and Wetland Sites in Montana
 - Paul L. Hansen, Keith Boggs, Robert D. Pfister, John Joy, and Brad Cook
- Valley Bottom Mapping and Characterization: Northern Region, USDA Forest Service
 - Marry E. Manning and C. Lee Maynard
- Relating the National Wetlands Inventory Data to Ecological Site Classification in Montana
 - William Thompson
- Colorado Statewide Riparian Vegetation Classification Project
 - Gwen Kittel
- Wetlands of Utah: Inventory and Classification of a Diverse Resource
 - Patricia A. Lock
- Application of Geostatistical Methods to Wetland Delineation
 - John W. Kern and M. Dale Stickland
- Developing an Inventory of Mapping Methodology for Riparian and Wetland Sites in Montana, North Dakota, and South Dakota
 - Paul L. Hansen, Scott L. Miles and Dan Hinckley
- Use of Riparian Habitats by Utah's Neotropical Migratory Birds
 - Frank P. Howe

WETLANDS CREATION, PROTECTION, AND MITIGATION

- Jordanelle Dam Wetlands Mitigation
 - Steven G. Lloyd and Dennis J. Hansen
- U.S. Fish and Wildlife Service Partnerships with Private Landowners Create Wetlands in South-Central Colorado
 - Richard W. Schnarderbeck
- The Making of a Wetland: The Chatfield Wetlands Development Sotry
 - J. David Weiland
- Development and Implementation of a State Wetland Protection Policy
 - J. David Weiland
- North Dakota's No Net Loss of Wetlands Program
 - Cary Backstrand
- Design and Construction of a 460-Acre Wetland Mitigation Site for the Salt Lake International Airport
 - T. Mark Oliver
- North Dakota's Effort to Assume Section 404 of the Clean Water Act
 - Cary Backstrand

MANAGEMENT STRATEGIES

- Simulating Grazing Effects on Riparian Meadows
 - Warren P. Clary
- Livestock Management Guidelines for Grazing in Southwest Montana Riparian-Wetland Areas
 - Brain L. Hockett and James W. Roscoe
- The Wetland Initiative in the Great Plains Region of the Bureau of Reclamation
 - Gary Davis
- The Interagency Team Process: An Essential Tool for Addressing Complex Wetland Issues
 - Cary Backstrand, William B. Bicknell, Daniel E. Cimarosti, James L. Winters' Dave Dewald, and Alexis Duxbury
- Partnerships for Ecological System Management in South Dakota
 - Clark. B Johnson

EDUCATION, OUTREACH, AND INTERPRETIVE PROGRAMS

- Montana Partnerships in Riparian Education
 - Joan Schumaker and Raney Tschida
- North Dakota's Governor's Wetlands Management Committee and Wetland Education and Information Program
 - Michael Dwyer
- Utah's Educational Program for Proper Wetlands Management and Development
 - Patricia A. Lock
- The Shorebirds and Wetlands of the Great Salt Lake: An International Treasure
 - Wayne Martinson

Robert D. Comer, Joe M. Merino, John W. Monarch, Carse Pustmueller, Mark Stalmaster, Robert Stoecker, Jeffrey Todd, Will Wright, Issues and Technology in the Management of Impacted Western Wildlife (1984) Thorne Ecological Institute, Boulder Colorado.

Table of Contents

- Foreward
- Keynote Address: Wildlife Mitigation Overcoming the Piecemeal Approach
 - The Honorable Raymond P. Kogovsek, U.S. Representative (Third Congressional District, CO)

Planning for Cumulative and Secondary Impacts: Session Leader Jeff Todd

- Cumulative Impacts on Wildlife
 - Gerald Horak and Evan Vlachos
- The Effects of Energy Development on Big Game Damage Problems
 - A.F.C. Greene
- Understanding Secondary Effects of Development on Wildlife Resources in Mitigation Planning
 - Robert Comer
- Impacts of Water Need Projections on Wildlife Habitat —The Cheyenne Example
 - John Ernst and Dwight Smith

- Relating Energy Development to Key Wildlife and Environmental Values By Forest Planning
 - John Burns
- Utilizing the Recreation Opportunity Spectrum As A Tool in Land Allocation Decisions Involving Energy Development and Wildlife
 - Bart Andreason

Sampling Methodologies

Session Leader: Bob Stoecker

- The Role of Statistics and the Scientific Method in the Art of Problem Solving
 - Lyman McDonald
- An Evaluation of the Cost of Success For Wildlife Habitat Establishment
 - Kevin Allred
- Biases in Aerial Surveys of Mule Deer
 - Dean Biggins and Michael Jackson
- A moving Transect Method for Estimating Relative Abundance of Small Mammals
 - Robert Stoecker
- The Use Of Rodents in Monitoring Ecological Impacts of Oil Shale Development in the Piceance Basin, Colorado
 - Richard Douglass
- Towards the Use of Faunal Populations as Cost-Effective Biomonitors
 - John Skalski
- Importance of Avian Populations for Land Management and Reclamation of Disturbed Lands
 - Benjamin Steele, C. Val Grant, and Stephan Vander Wall
- Spatial Analysis for Determining “Region-Of-Influence” When Predicting Impacts on Wildlife and Other Resources.
 - Stephen Berwic, Robert Nisbet, and Kenneth Reed.

Sensitive Species Habitat Protection Alternatives: A Panel Discussion

Panel Leader: Carse Pustmueller.

- Panel Participants: Mark Strong, Dale Wills, Jima Crain, Robert Hoover, and Pat Rand

Sensitive Habitats

Panel Leader: Joe Merino

- The Overthrust Industrial Association Cooperative Wildlife Study— Understanding the Effects of Oil and Gas Activity on Wildlife.
 - Patrick O’Brien
- Reauthorization of the Endangered Species Act: A Case Study in Conflict Resolution (Paper not submitted)
 - Lin Schmale and James Tate
- The Significance of Trenching as Diagnostic Characteristic of the Black-Footed Ferret in White-Tailed Prairie Dog Colonies.

- Robert Sanz and Thomas Shoemaker
- Bald Eagle Winter Roost Protection - - Casper Mountain, Wyoming
 - Mark Stromberg and Robert Klesling
- A Cumulative Effects Analysis Process for Grizzly Bear Habitat, Cabinet Mountains Montana
 - Alan Christensen and Micheal Madel
- Impacts of Surface Coal Mining on Elk Caving: A Progress Report
 - Terrell Johnson
- Loss of Stream Passage as a Factor in the Decline of the Endangered Colorado Squawfish
 - Harold Tyus
- Strategies in Endangered Species Conservation: A Research View of the Ongoing Black-Footed Ferret Conservation Program
 - Tim Clark

Data Base Systems for Wildlife Management: A Panel Discussion

Panel Leader: John Monarch

- Panel Participants: Don Schrupp, Beth Lapin, Wilson Crumpacker, Judy Shepard, John Hamill, Don Hunter, and Sam Montgomery

Mitigation Techniques: Part I

Session Leader: Mark Stalmaster

- Conceptual Framework for Exploring Attitudes Toward Western Energy Development Impacts on Wildlife and Related Findings.
 - Stephen Kellert.
- Implementation of the Lower Snake River Fish and Wildlife Compensation Plan
 - Michael Passmore and John McKern
- Habitat Reclamation Procedures for Surface Mines in Wyoming
 - Stephen Tessmann
- Coal Mine Reclamation and A Stream Ecosystem in Northwest Colorado
 - James Chadwick, Steven Canton, John Monarch
- Rodent Colonization of Revegetated Surface-Mined Lands in Montana and Wyoming
 - Anne Hoag, Thomas Dahmer, and Mike Schard
- Management of Nesting Ferruginous Hawks in Relation to Coal Development in Colorado and Utah
 - Mark Stalmaster, Will Wright, J. Michael Lockhart, and Richard Krueger
- Nest Box Use by American Kestrels on and Around Western Surface-Mined Lands
 - Thomas Dahmer, Nick Forrester, J. Michael Lockhart, and Terrence McEneaney
- Surface Mining Impact and Mitigation For Raptorial Birds Nesting on the Black Butte Coal Company Mine Permit Area, Sweetwater Country, Wyoming
 - Stephan Platte
- Resolving Conflicts Between Energy Development and Nesting Golden Eagles
 - Robert Phillips and Alan Beske

Mitigation Techniques: Part II

Session Leader: Will Wright

- Recovery of Colorado Streams Affected By Acid Mine Drainage
 - Jeffrey Todd, John Woodling, Dudley Reiser and Gary Andes
- Methodology for Assessing the Impact of Oil Shale Development on the Piceance Basin Mule Deer Herd.
 - Robert Garrot and Gary White.
- Radiotelemetry to Estimate Mule Deer Location in Piceance Basin, Colorado
 - John Lee
- Germination of Shrubs for Wildlife Habitat Restoration on Mined Lands in the Northern Great Plains
 - Ardell Bjugstad, Kendall Kissel, and Warren Whitman.

Closing Remarks

- Achievements and Unfinished Agendas in Wildlife Management
 - Dr. Beatrice E. Willard, Professor of Environmental Sciences, Colorado School of Mines; and Board Member of Thorne Ecological Institute

Edited By Robert. D Comer, Timothy G. Baumann, Peter Davis, John W. Monarch, Jeffrey Todd, Suzanne VanGytenbeek, Dale Willis, John Woodling. Proceedings II: Issues and Technology in the Management of Impacted Western Wildlife (1986) Thorne Ecological Institute: Boulder, Colorado

Table Of Contents

Ix Foreword

Xi Specials Address

Dr. Robert Cook, Head Department of Fisheries and Wildlife Biology, Colorado State University Fort Collins, Colorado.

Methods for Determining Impacts to Wildlife Resources

Session Leader: Jeffrey Todd

- Guidelines for Evaluating Developmental Impacts Upon Wildlife Resources in Wyoming
 - Stephen A. Tessman
- Mule Deer Winter Range Study on a Proposed Coal Lease Site
 - Robert A. Fala, John P. Ward, James W. June and Larry L. Apple
- Assessing Cumulative of Hydroelectric Development
 - Gary W. Witmer
- Assessment of Impacts and Mitigation Planning for Wildlife and Wildlife Habitat Losses Resulting from Hydroelectric Development in Northwestern Montana.
 - Chris A. Yde and Arnold Olsen
- Cartographic Modeling: A Method of Cumulative Effects Appraisal in the Greater Yellowstone Ecosystem
 - David S. Winn and Kim R. barber
- Effects of Water levels on Productivity of Canada Geese in the Northern Flathead Valley, Montana
 - Daniel Casey and Marilyn Wood
- Determining Impacted Wildlife Resources in the Grand Valley by Remote Sensing Techniques
 - Michael P. Crane, Michael J. Pucherelli and Stephen K. McCall
- Role Of Expenditure Estimates on wildlife and Environmental Resources Planning
 - Clynn Phillips

- Public Benefits of Programs to Protect Endangered Wildlife in Colorado
 - Richard Walsh, R. Derek Bjonback, Donald N. Rosenthal, and Richard A. Aiken
- Importance of Net Economic Values of Wildlife in Planning and Impact Assessment
 - John B. Loomis
- Assessing the Value of Wildlife Resources
 - William W. Shaw

Computer approaches to the Quantification of Wildlife Resources: A Panel
Session Leader; Richard Holthausen

- Wildlife Habitat Relationships: Quantification of an Aspen Management Project
 - Melanie Malespin and Raymond Kingston
- Computer Application to wildlife assessments
 - R. Charles Solomon
- Simulation Modeling of Deer and Elk in Northwest Colorado
 - David W. Crumpacker

Regional Approaches to Habitat Mitigation

Session Leader: Woodling

- County commissioner – The Real Wildlife Managers
 - Linda Sikorowski
- Black- Footed Ferret Program, Wyoming Update
 - David W. Belitsky
- The 404 Process—A Review
 - Stephen C. Helfert
- Habitat Management of Playa Wetlands
 - Emily C. Weller
- Assessment and Mitigation of Habitat Insularization in Eastern Montana
 - Harold D. Picton and Clifton C. Youmans
- Mitigation and Energy Development on Rocky mountain Bighorn Sheep Rangers in Wyoming
 - Kevin P. Hurley and Larry L. Irwin
- Managing Impacts of Oil and Gas Development on Woodland Wildlife Habitats on the Little Missouri Grasslands, North Dakota.
 - Michele Girard and Bryan Stotts
- Northern High Plains Woodland Values and Regeneration
 - Ardell J. Bjustad and Cindy F. Sorg

Objective Evaluations of Mitigation Success

Session Leader: Suzanne VanGytenbeek

- Wildlife utilization of Revegetated Surface- Mined Lands at a Coal Mine in Northeastern Wyoming
 - Christine Quayle

- An Evaluation of Wildlife Mitigation Practices on Reclaimed Lands at Four Western Surface Coal Mines
 - Robert Stoecker, Richard Thompson and Robert Comer
- Homestake Pitch Mine Wildlife Mitigation Program
 - Elaine Zieroth, Patti Andreas and Rick Sherman
- Wildlife Mitigation for a Major Mine in Central Idaho
 - James A. Sturgess
- Comparative Vertebrate use of Twelve Nesting Structure Designs at the Geysers Geothermal Project, California (Abstract Only)
 - Richard D. Williams
- Rapid Prediction of Trout Stream Quality
 - Robert P. Lanka, Wayne A. Hubert and Thomas A. Wesche
- Colorado's Instream Flow Program a Perspective After 10 Years (Abstract Only)
 - Steve Putmann and Ann B. Hodgson
- Stream Habitat Improvement as Mitigation in Colorado
 - Robin F. Knox
- Construction of Aquatic Amenities Within Planned Developments: A Method to Enhance Aesthetics and Fish Habitat
 - Robert J. O'Brien
- Trout Carrying Capacity before and After Structural Habitat Improvement on Two Colorado Streams
 - Robert J. Stuber

Behavioral Responses of Wildlife to Human Activity

Session Leaders: John Monarch and Tim Baumann

- Movement Patterns and Habitat Affinities of a Sage Grouse Population in Northeastern Wyoming
 - Larry Hayden- Wing, David B. Costain, Jeanne L Hull, Michael R. Jackson and Thomas B. Segerstorm
- Change in Sage Grouse Lek Counts with Advent of Surface Coal Mining
 - Clait E. Braun
- Big Game Passage of Large Diameter Overland Conveyance Systems
 - Larry B. Dalton
- Coal Surface Mining and Selected Wildlife—A 10 Year Case Study Near Decker, Montana
 - Robert L. Phillips, Dean E. Biggins and Anne B Hoag
- Displacement of Elk Related to Seismograph Activity in South-Central Wyoming
 - Lorin A. Ward.
- Impacts of Surface Coal Mining on Calving Elk
 - Terrel K. Johnson
- The Effects of Recreation, Illegal Harvest and Development on Elk near Aspen, Colorado.

- Stephen Berwick, Kathleen McNamara, and Dennis Daneke
- Impact of Aspen Management on Rocky Mountain wildlife
 - Gordon W. Guillion
- Mule Deer in the City of Boulder: An Urban Wildlife Conflict and Management Alternatives
 - Allen B. Crockett and Ronald A Green
- Responses to Adult Mule Deer to Human Harassment During Winter (Abstract Only)
 - David J. Freddy
- Responses of Birds of Prey to Large Scale Energy Development in Southcentral Washington
 - Richard E. Fitzner
- The Effects of Industrial Construction Activities on a Breeding Population of Prairie Falcons (*Falco mexicanus*) in Southwestern Idaho (Abstract Only)
 - Anthonie A. Holthuijzen, John C. Smith, and Allan R. Ansell
- Impacts of Vehicle Traffic on Coyote Movement in Western Colorado
 - Richard J. Douglass and John Ernst

Poster Session

- Mitigating Wildlife Habitat Losses on Federal Reservoir Campsites
 - Thomas A. Eddy
- Impacts of Water Levels on Breeding Canada Geese and the Methodology for Mitigation and Enhancement in the Flathead Drainage.
 - Thomas A Eddy.
- Impacts of Water Levels on Breeding Canada Geese and The Methodology for Mitigation and Enhancement in the Flathead Drainage
 - S.K. Gregory, W.C. Matthews, D. L. Machkey, I.K. Ball, and J. J. Clarr
- Development of Sage Grouse Public Viewing Tours in North Park, Colorado
 - JoAnn Profera and Clait E. Braun
- Wetlands Values Database
 - Patricia J. Ruta Stuber
- Impacts of an Inland River Oil Spill to Terrestrial Wildlife
 - Amber Long Travsky
- An Evaluation of Rillscale (*Atriplex suckleyi*) for Use in Revegetation of Bentonite Mine Spoils
 - Marguerite Voorhees

Edited by: John Emerick, Susan Q. Foster; Larry Hayden-Wing; John Hodgson; John W. Monarch; Alexandra Smith; Oakleigh Thorne, II; Jeffrey Todd; Proceedings III: Issues and Technology in the Management of Impacted Wildlife (1988) Thorne Ecological Institute: Boulder, Colorado

Planning

Session Leader: Larry D. Hayden- Wing

- Estimating Habitat Carrying Capacity: An Approach for Planning Reclamation and Mitigation for Wild Ungulates
 - N. Thompson Hobbs
- A Wetland Evaluation Model for Quantifying Changes in Habitat Values on Reclaimed Abandoned Mine Lands in Wyoming
 - Larry D. Hayden- Wing, Stephen A. Tessmann, Ronald G. Schreibeis
- Colorado Springs Wildlife Area: Management from Two Perspectives
 - Ruther Lewis Carlson
- The Limiting Factor Approach to Economic Analysis of Wildlife Impacts
 - Allen Y. Cooperrider, Robert K. Davis, Terrell Rich, Daniel C. McCluskey
- Non-Traditional Approaches to Integrating Wildlife Management with Urban and Industrial Development
 - Michael A. Ferguson, William A. Kennedy
- Colorado's Mitigation Policy: How it Evolved
 - Peter R. Davis, Robert Cook and Walter Burkhard
- Preserving Wildlife Diversity and Abundance: The Colorado Ecosystem Conservation Project
 - Anthony Povilitis, Mike Figgs

Seminar on Hazardous Waste Disposal

Seminar Moderator: Alexandra Smith

Panel: Linda Rockwood, Lowell McEwen, Kathy Demarest

Impacts to Wildlife From the Development of Natural Resources

Session Leader: John E. Emerick

- Effects of Dioxin in a Paper Mill Sludge on Wildlife
 - Stephen G. Martin, David A Thiel, James W. Duncan, William R. Lance

- The Impact on Birds of Azodrin Sprayed on Corn to Control Bank's Grass Mite in the Northwestern New Mexico
 - S.D. Schemnitz, B. Balda, D. Hengel, W. Howe
- Bird Response to Understory Variation and Conifer Succession in Aspen Forests
 - Deborah M. Finch, Richard T. Reynolds
- Beaver and Dams: Can They Coexist?
 - Robin R. Brown
- Potential Impacts of Hydroelectric Development on a Mule Deer Population
 - Susan Kraft Ball
- Management of Mule Deer in Relation to oil and Gas Development in Montana's Overthrust Belt
 - Lynn R. Irby , Richard J. Mackie, Helga Ishle Pac, Wayne F. Kasworm

Seminar on Economic Development and Impacts on Wildlife

Seminar Moderator: Robert Cook

Panel: Chips Barry, Tom Collins, Thomas Dougherty, James Ruch

Mitigation of Impacts to Wildlife

Session Leader: John Hodgson

- Mitigation for Fish and Wildlife Habitats on Mined Lands
 - Wayne R. Marion,
- Wildlife Impact Mitigation: Role of Wyoming Industrial Siting Process
 - Thomas C. Collins
- Wyoming's Wildlife Habitat Administration Process
 - David L. Hunt, William A Gerhart
- On-Farm Mitigation—An Alternative Approach to Mitigating Fish and Wildlife Impacts of Irrigation Development
 - Jay C. Hokenstrom. Gary L. Williams, Patrick J. Sousa, Bart Prose
- American Kestrel Nest Box Wildlife Mitigation in Northwest Colorado
 - Timothy M. Chervick
- A Simple Economics Model of a Multispecies Recreational Fishery.
 - Aaron J. Douglas
- Seminar on Urban Wetlands Management in the Rocky Mountain West
 - Seminar Moderator: Charles Segelquist
 - Panel: David J. Cooper, Bradley Miller, Harvery Deutsch

Peter R Davis, John C. Emerick, Deborah M. Finch, Susan Q. Foster, John W. Monarch, Sandra Rush, Oakleigh Throne, II, Jeffrey Todd. Issues and Technology in the Management of Impacted Wildlife (1989) Thorne Ecological Institute. Boulder, Colorado.

Trends and New Directions

- Conservation of Biological Diversity in the West
 - Allen Cooperrider
- Wildlife's Status in Our Environment: An Appeal for Monitoring and Standardization

- C. Val Grant
- Wildlife Trends on the Urban-Rural Fringe
 - David Hallock
- Wolf and Grizzly Bear Management in the Western United States: Where Do We Go From Here?
 - John P. Ernst, Susan H. Warner
- Yellowstone Wolves
 - Norman A. Bishop

Impacts on Wetland and Riparian Ecosystems

Session Leader: John C. Emerick

- Wetlands Reclamation: Mitigating Losses Through Regulatory Compliance
 - J. R. Nawrot, D. Downing, C. Kolar
- Selection and Development of Plants for Use in Southwestern Riparian Zones
 - Ed Swenson, Morris Hauck
- Wetlands Mitigation Banking in Colorado: AN Option Worth Pursuing
 - Steven T. Dougherty
- Innovative Preservation of a New England Wetland
 - P. Walton Spear, Steven W. Ellsworth
- Monitoring Fish Wildlife, Radionuclides and Chemicals at Hanford, Washington
 - Robert H. Gray
- Effects of Heavy Metals on Benthic Macroinvertebrate Communities in Two High-Elevation Streams, Colorado Front Range
 - Susan C. Hurlbut, John C. Emerick, E Allen Howard III

Mitigation of Impacts To Wildlife From Mining

Session Leader: Jeffrey Todd

- Reducing Impacts of Hard-Rock Mining on Wildlife In Northern Nevada
 - J. Kent McAdoo, Gary A. Acordagoita, Curt R. Aarstad
- Mitigating Duck Losses at Cyanide Ponds- Methods, Costs, and Results at an Operating Gold Mine
 - J.A. Sturgess, D.C. Robertson, L. Sharp, G. Stephan
- Wildlife Impact Mitigation and Reclamation in Open Pit, Cyanide Heap Leach Gold Mining.
 - Barry Parrish
- Regulatory and Institutional Requirements for Wildlife Habitat Mitigation on Indian Lands
 - Robert D. Judy, Jr
- Sharp-tailed Grouse Lek (Dancing Ground) Establishment on Reclaimed Mined Lands
 - Bruce C. Waage

Impacts Of Natural Resources Development on Wildlife

Session Leader: Deborah M. Finch

- Ferruginous Hawk Nesting in the U.S. DOE Hanford Site: A Recent Invasion Following Introduction of Transmission Lines

- Richard E. Fitzner, Robert L. Newell
- The Effects of Recreational Activity on Elk Use and Distribution Along a Pipeline Right-of-way
 - Albert T. Lees
- Wildlife Enhancement on Disturbed Land: A Case Study
 - C. Val Grant, John W. Monarch

Panel Discussion: Fire Management and Wildlife

- Moderator: Peter R. Davis
- Panel: Norman Bishop, Jim Carrier, Steve Kilpatrick, Al Roberts, Beatrice E. Willard

Mitigation of Impacts From Natural Resource Development

Session Leader: John W. Monarch

- Off-Site Habitat Mitigation: A Regional Approach for Resolving Conflicts Between Land Development and Habitat Protection
 - Mike Allen
- Impact Fees for Wildlife Habitat
 - Perry W. Oldenburg
- Impacts and Mitigation for Canada Geese at Two Hydroelectric Projects in Northwest Montana
 - Daniel Casey, Marilyn Wood
- Mitigation for Elk Winter Range Losses at a Hydroelectric Facility in Northwest Montana
 - Daniel Casey
- Mitigating Wetlands Impacts Under Section 404 of the Clean Water Act
 - Scot W. Anderson

Robert D. Comer, Peter R. Davis, Susan Q. Foster, C. Val Grant, Sandra Rush, Oakleigh Throne II, Jeffrey Todd. Issues and Technology in the Management of Impacted Wildlife. (1991) Thorne Ecological Institute. Boulder, Colorado

Sensitive Species and Biodiversity

- The Sage of a Sensitive Species, *Antennaria flagellaris*, in California.
 - C. Val Grant, Gary Schoolcraft, Randall J. Bayer, Frank J. Smith, Donald J. Bailey, Jeffrey S. White, Jeffrey W. Tood
- Protecting Birds of Prey Within Rocky Mountain National Park from Rock Climbing and Park Boundary Development
 - Jeff Connor
- Evaluating Amphibian Responses in Wetlands Impacted By Mining Activities in the Western United States
 - Greg Linder, Jamie Wyant, Rich Meganck, Bill Williams
- Bats: Habitat, Impacts and Mitigation
 - Patricia E. Brown and Robert D. Berry

- Bats and Mines: Experimental Mitigation for Townsend's Big Eared Bat at the McLaughlin Mine in California
 - Elizabeth D. Pierson, William E. Rainey, Dolora M. Koontz

Response of Wildlife To Disturbances

Session Leader: C. Val Grant

- Mountain Lion Observations and Human-Lion Encounters in Boulder County, Colorado
 - Michael R. Sanders, James C. Halfpenny, Kristen A. McGrath
- Responses of Waterbirds to Experimental Disturbances
 - Janet L. George, Clait E. Braun, Ronald A. Ryder, Eugene Decker
- The Effects of Ski Area Development on Geographic Use Patterns of Elk
 - James R. Morrison, William J. DeVergie, A. William Alldredge
- Evaluating the Impacts of Man-Induced Flooding on Terrestrial Game Species
 - David T. Cobb, Phillip D. Doerr
- The Hanford Reservation: A Refuge for Native Plants and Animals
 - Robert H. Gray, William H. Rickard
- Desert Mule Deer Response to Mitigations Along the Hayden-Rhodes Aqueduct, Arizona
 - Jenny L. Cashman, Paul R. Krausman
- Fences as Barriers to Desert Mule Deer Along Canals in Central Arizona
 - Gregory B. Carmichail, Paul R. Krausman, Richard C. Etchberger
- Long-Term Effects From Grazing Removal on Lands Adjacent to Ralston Reservoir
 - Donald H. Kennedy
- Effect of Different Grazing Management Strategies on Aspen (*Populus tremuloides*) Recruitment
 - Clayton B. Marlow
- Sage Grouse Response to Burning in the Big Sagebrush Type
 - Lee A. Benson, Clait E Braun, Wayne C. Leininger

Mitigation of Mining Impacts on Wildlife

Session Leader: Robert Comer

- Biologic Monitoring and Wildlife Impact Mitigation at Sonora Mining Corporation's Jamestown Mine
 - Steven D. Botts, M. Dale Keysor, James P. Maddox, L. Linwood Smith
- Big Game Animal Crossing Study Along an Overland coal Conveyor Structure in Northwest Colorado
 - Timothy M. Chervik
- Breeding Birds and Small Mammals on Reclaimed Areas at the Navajo and San Juan Mines, Northwestern New Mexico
 - Craig L. Kling, Orlando J. Estrada, Charlene L.B. Gorman
- Bighorn Sheep Use of an Open pit Coal Mine in the Foothills of Alberta
 - Beth MacCallum

- How Surface Coal Mining Affects Sage Grouse, North Park, Colorado
 - Thomas E. Remington, Clait E. Braun
- The Effect of Underground Mining on Raptor Nesting Sites in the Western United States- A Geomechanical Evaluation
 - Robert C. Dyni, Mikko P. Ahola
- Underground Coal Mining- A Case Study of Land Surface Disturbance Impacts to Golden Eagles
 - Benjamin A. Grimes
- Diversity of Wildlife Associated with Reclaimed and “Pseudoreclaimed” Coal Stripmine Spoils in Interior Alaska

Wetland and Riparian Issues

- Session Leader: J. C. Emerick
- Riparian Habitat Enhancement in Northern Nevada
 - J.K. McAdoo, E.J. Collord, G.A. Acordagoitia, C. Bowey
 - The Use of Wetlands for Cleanup of Oilfield Produced Water
 - Wayne L. Peterson
 - Chemical Bird Repellents: Applicability for Detering Use of Waste Water
 - Larry Clark, Pankaj S. Shah
 - Habitat Improvement Remedies for Sick Trout Streams
 - Robert L.
 - The Humbug Creek/Willow Creek Parkway: Flood Control, Wetlands Creation, Mitigation Banking and Linear Parkway Planning for an Area of 19th Century Gold Mine Dredger In Folsom, California
 - James A. Roberts, Michail A. Melanson, Arlan Nickel, Brad Kortick
 - Results of Experiments Using a Pilot Scale Constructed Wetland for Remediation of Acid Mine Discharge at Idaho Springs, Colorado
 - J.C. Emerick, T.R. Wildeman, R. R. Cohen, R. W. Klusman
 - Measuring the Economic Benefits of Arizona’s Riparian Areas
 - Kristine B. Crandall
 - Quantification of Habitat Impacts from Hydroelectric Dams and Mitigation Planning Techniques for the Lower Snake River, Washington
 - Carl J. Christianson, Michael F. Passmore
 - Louisiana Wetland Losses: An Overview and Researcher’s Perspective
 - A. Lee Foote, Edward C. Pendelton

Policy, Trends and New Directions

- Session Leader: Peter R. Davis
- Eco-Mapping: Planning and Management of Bio-Social Ecosystems
 - Dan Baharav, James A. Kent, Eva Baharav
 - Resource Management Plans and Urban Development: A Case Study
 - David N. Lawhead
 - Thin Breaks Reclamation—A look at the Pros and cons to a Controversial Issue
 - Bruce wage

- The Tributary Greenways Master Plan: Boulder's Approach to Creating Urban Environmental Corridors
 - John L. Barnett

Susan Q. Foster, Stephanie Pas, Sandra Rush, Oakleigh Thorne, II. Proceedings VI: Issues and Technology in the Management of Impacted Wildlife. (1994) Thorne Ecological Institute. Boulder, Colorado

Opening Address by Ralph O. Morgenweck

II. Endangered Species: Regulatory Perspectives and Case Studies

- An Overview of the Endangered Species Act
 - Michael J. Brennan
- The Endangered Species Act—Where Is It Going in USFWS Region 6
 - Larry Shanks
- The Habitat Conservation Program
 - Todd G. Olsen
- Conserving Biological Diversity
 - Fritz L. Knopf
- The Desert Tortoise in the Mojave Desert
 - John L. Oldemyer
- Conserving Biological Diversity
 - Fritz L. Knopf
- Management of Mexican Spotted Owls and Their Habitat on National Forests in Arizona and New Mexico
 - Keith W. Fletcher
- Private Property Rights and the Endangered Species Act
 - Jefferson V. Houpt
- Endangered Species Disincentives for Industry to Provide Prelisting Technical Information
 - Douglas L. Ely
- A Strategy for the Long-term Maintenance of Colorado's Diversity of Wildlife Species
 - Eddie Kochman
- Innovative Management for Endangered Species

- Marcia H. Wolfe

III. Responses of Wildlife to Human Activity

- Artic Alaska Caribou Herds in Relation to Oil Field Development
 - Warren B. Ballard, Matthew A. Cronin
- Impacts of Human Activities on Breeding Ferruginous Hawks at the Kevin Rim in Northern Montana
 - James R. Zelenak, Jay J. Rotella
- The California Leafnosed Bat (*Macrotus californicus*) and American Girl Mining Joint Venture—Impacts and Solutions
 - Patricia Brown, Robert D. Berry, Cathi Brown

IV. Wildlife Considerations in Mining and Oil Extraction

- Ecological Risk Assessment and Natural Resource Damage Assessment at Mining Superfund Sites.
 - Gordon A. Robillard, Thomas A. Campbell, Darrel J. Lauren
- A State's Perspective on the Natural Resource Damage Assessment—How the State of Washington Has Gone About Making It Work
 - Dick Logan
- A USFWS Approach to Working Out Settlements for Restoration of Natural Resources Injured by Hazardous Materials
 - U. Thomas Jackson
- Natural Resource Damage
 - Edward J. McGrath
- From Mine/Smelter to Reclamation to Coveted Wildlife Resource
 - Joseph M. Jarvis, Wesley Shields
- Mitigation Planning for Raptors During Mining in Southwestern Wyoming
 - R.M. Harschbarger, S.W. Platt, N.E. Hargis
- Sage Grouse (*Centrocercus urophasianus*) Lek Relocation at an Active Mine in Northeastern California
 - Jeffrey S. White, S.W. Platt, N.E. Hargis
- Opportunities for Wildlife at Abandoned Mine Sites
 - Gary Beach
- Opportunities for Land Use Improvement Through Reclamation
 - Bill F. Schwartzkoph
- Steep Slope Reclamation on an Oil Shale Mine in Northwestern Colorado
 - Richard L. Brammer, C. Val Grant
- Revegetated Coal Surface Mines in Alaska—Do They Meet the Forage Needs of Native Big Game?
 - Charles L. Elliott, Jay D. McKendrick
- Stabilization Techniques Used in Reclaiming Pipeline Stream Crossing in Alberta
 - Robert Hunter

V. Water, Wetlands and Riparian Areas

- Mitigation of Impacts By Oil Industry on Alaska's North Slope Wildlife
 - Richard Shideler
- Utilizing Composting Techniques to Biodegrade Crude Oil Sludges
 - O.L. "Lee" Fyock
- Using Geographic Information Systems to Manage Wetlands and Riparian Areas
 - Robert J. Henke
- A New Approach to Determining Success of Wetland Restoration
 - Ted Winfield
- Partners for Wildlife—Restoring Wildlife Habitat on Private Lands for the Common Good
- Wildlife Habitat Improvement Associated with the Rehabilitation of Lake Ilo Dam
 - Steven L. Jamieson, Donald J. Bozovsky
- Management of Playa Wetlands Impacted By Agriculture
 - David A. Haukos
- A Passive Biological System to Treat Oilfield Produced Water: Design, Construction and Evaluation
 - B. Johnston, J.C. Emerick, R.W. Klusman, L. Figueroa, D. Gelb, P. Caswell

VI. Human Dimension in Wildlife Management

- Natural Resource Monitoring: Public Outreach and Involvement
 - Robert H. Gray
- Human Attitudes and Perceptions Toward Mountain Lions in Boulder County, Colorado
 - Michael R. Sanders
- Management of the Human Element in Habitat Preservation Planning: A Case Study
 - Mark Raming

VII. Managing Evaluating and Protecting Wildlife and Habitats

- Wildlife Ranching and the Role It Plays in Helping the Colorado Department of Wildlife Manage Big Game Herds
 - Dale Thompson
- Monitoring Mule Deer in Northwestern Colorado, 1982-1993: Applications to Shale Oil Mining Impacts and Wildlife Ranching on UNOCAL's Parachute Creek Property
 - C. Val Grant, Robert L. Bayn
- Experimental Radar-Activated Hazing System
 - Richard A. Weber, Barbara A. Filas
- A Review of Power Analysis in Assessing Impacts to Wildlife Populations
 - David T. Cobb, Gary L. Sprandel, Michael Williams
- Assessment of Wildlife and Biological Diversity Impacts for the Snowmass Ski Area
 - Keith Geizentanner, Carmine Lockwood

- Ski Area Impact Evaluation Review Process and Procedure (SAIERPP)
 - Thomas Lines
-
