# Wanderers "Camp Experiences"

## Ages 6-8

Thorne's six-hour, week-long "Camp Experiences" for the Wanderers age group are packed with fun! These "Camp Experiences" are playful, experiential, and discovery-based. Experienced environmental educators will help your child foster a personal connection to the natural world through lively games, nature crafts, and exploration of different ecosystems each day. To accommodate the needs of some of our youngest campers, these "Camp Experiences" involve less than one mile of hiking per day and remain close to bathroom facilities, shade, and water. With a variety of themes for this age group, campers can focus on the aspect of nature that they love most, or spend an entire summer exploring diverse topics like bugs, amphibians, mammals, and more! The Wanderers age group even includes art-themed "Camp Experiences," as well as the ever-popular At Home in the Woods, which teaches campers how humans and other animals live safely in nature.

Wanderers "Camp Experiences" meet each day at Ryan Elementary School in Lafayette. Campers travel from Ryan on a BVSD school bus to a different natural area each day including Coal Creek Trail, Chautauqua, South Mesa Trail, and Walden Ponds. Parents can drop-off at 8:30am and pick up is at 2:30pm. For parents needing full-day care for their child, Extended Care is available until 5:30pm at Ryan Elementary School.

### At Home in the Woods

Campers will cultivate their survival skills and put them to the test while exploring in the wilderness! Throughout the week they will practice introductory survival skills such as making mini debris shelters out of sticks, purifying drinking water, cooking with a solar oven, practicing plant and wildlife identification skills, and more. Campers will also focus on developing their skills of observation and will learn important safety techniques to become both comfortable and confident as they go on wild adventures through the woods!

## Nature Ninjas

Each day, campers will enter the ancient, secretive world of the Nature Ninja! As masters of stealth and invisibility, Nature Ninjas will activate their bodies and senses all while embarking on secret missions and challenges to earn ninja badges. Campers will learn from our animal friends, like foxes and weasels, who are masters of the ninja way, so that they too can travel silently and fluidly through the forest undetected, all while exploring the magical wilderness. This "Camp Experience" will be full of wild nature play, imagination, creativity, games, storytelling, and exploration of the natural world, while focusing on the extraordinary ninja powers of nature's creatures.

## The Ultimate Thorne Experience – Wanderers

With over 60 years of practice leading nature programs, The Ultimate Thorne Experience combines all of the things that kids love to do most in nature and puts them into one camp! Curiosity is activated through an inspiring story, a lesson is taught through a lively game, then the real magic happens as Instructors guide campers into activities that integrate learning with "children's passions"- the universal stuff that kids the world over love to do outside. Tapping into the spirit of play while exploring in a variety of wilderness settings, campers will go on epic adventures where catching a water insect could lead to a lesson on life cycles, building a dam in a creek may develop into an experiment, or an encounter with a deer will lead the group to see new places through the eyes of an animal. Because there is always more to discover in nature, and because children's passions are always thrilling, The Ultimate is a "Camp Experience" to enjoy again and again, getting a healthy dose of summer fun each time!
