Alphabet Walk

As you walk, go through the alphabet identifying what you see along the trail, in your back yard, or neighborhood. Begin with “A” (ex. Acorn), then “B” (ex. Beetle), then “C” (ex. Cattail) ect.

How many times can you go through the alphabet on your walk? Alternatively, you can assign different letters to each person before you start. It’s best to write it down so people don’t forget!
